

Enter a world of dazzling picture quality and unlimited entertainment. This elegantly slim LED TV boasts Full HD 1080p for incredible detail and Edge LED backlighting for boosted contrast. Internet connectivity is at your fingertips, so you can watch YouTube™ clips and access online HD movies, music and more.¹

Bullets

- Edge LED backlight for a bright picture thin design
- Lifelike movement with Motionflow™ XR 240
- Receiver-less TV for DirecTV customers³
- Movies, music apps w/ Sony Entertainment Network¹
- Built-in Wi-Fi® plus 1 year of Netflix and Hulu Plus™^{1, 7}
- See your smartphone's screen on TV w/ wireless mirroring²
- Enjoy 3D with 4 pairs of passive glasses⁴
- Crisp detail contrast w/ Clear Resolution Enhancer
- Smartphone ready - TV that's made for your smartphone⁵

Features

So bright and so thin.

Powerful yet thin LEDs deliver a radically brighter picture than conventional LCD backlighting. They also help achieve an ultra-slim TV design that looks beautiful in your home. What's more, Sony's Edge LED Backlight technology delivers outstanding contrast, rich colors and enhanced dark-scene detail.

Lifelike motion.

Watch the football retain its detail during a kickoff and move smoothly as the camera follows it from left to right. Even quick motion seen in action movies appears amazingly realistic as Motionflow™ XR 240 technology, which takes motion clarity beyond refresh rates, smoothes out the picture where the camera can't for clearer and more natural movement.

Receiver-less TV

For DIRECTV customers with a Genie™ Whole-Home HD DVR, the Sony R550A series allows you to enjoy full DIRECTV service and HD DVR functionality without an additional receiver. Place the Genie™ Whole-Home HD DVR in any room of the house and enjoy the clean look of your big screen on the wall without the clutter of connecting a DIRECTV receiver to it³.

Go beyond cable with Internet TV

Welcome to the endless entertainment of the Sony Entertainment Network, where thousands of movies, TV shows, online videos, games and music are always at your fingertips. By connecting to the Internet and touching the 'SEN' button on the TV remote, you can access Full HD 1080p entertainment, and made-for-TV apps like Netflix®, Pandora®, YouTube™, Facebook® and more.¹

Goodbye wires, hello Wi-Fi®.

Maximize your entertainment while reducing cable clutter. Wirelessly stream beautiful, HD entertainment straight from the internet or your home network using built-in Wi-Fi® connectivity.

Your smartphone, now on TV

Movies, music and apps from your smartphone can now be viewed big on your TV. With two ways to connect Android phones and tablets to the R550A, Sony is helping you add value to the entertainment you already own.

1. Using a Mobile High Definition Link cable, you can connect your smartphone to the TV to literally “mirror” what’s seen on the smartphone screen. Video, photos and apps are re-sized and scaled to fit the larger TV screen. You can then use the TV remote to navigate the phone, while it’s charging from the TV⁵.

2. Using screen mirroring technology, you can connect phones that are Miracast™ enabled to the TV².

Theater-like 3D

Using the same passive 3D technology used in movie theaters, feel the explosive excitement of theater-like 3D. Even the sound profile is enhanced for 3D viewing to provide a more immersive experience³. Slip on the latest generation of light, comfortable 3D glasses to enjoy your favorite 3D movies. Four pair of glasses included.

Clearly different.

Fine details and textures appear in whatever you’re watching, even in flat areas. Powered by Sony’s advanced noise reduction algorithm, this technology boosts image clarity with heightened contrast and depth that you won’t find on most televisions.

Against the grain.

Dazzle the whole family with ultra-crisp HD clarity and less grain. Digital Noise Reduction enhances detail in whatever you're watching with meticulous processing. It even helps clean up video from USB and other PC sources so the picture looks pristine and vivid.

1. Broadband speed of at least 2.5 Mbps recommended (10 Mbps for HD). Content subject to change and may require fees. Wireless connectivity requires 802.11 home network (802.11n recommended).
2. Requires smartphone with Wi-Fi® certified Miracast™ technology. Certain formats are not supported. The video quality may be degraded due to environmental interference.
3. Requires compatible DIRECTV Genie™ Whole Home HD DVR and TV be connected to the same wireless home network.
4. Requires 3D content, 3D player, HDMI® cable (at least 10.2 Gbps) and 3D active glasses sold separately.
5. Requires Mobile High Definition Link-compatible smartphone to be connected to the TV with a Mobile High Definition Link cable, sold separately.
6. Requires active internet connection and devices connected to the same wireless home network.
7. Purchase by 9/28/2013 and redeem by 10/31/13. Consumers who purchase a qualifying new 2013 Sony BRAVIA TV will receive a 12 month subscription to Netflix Unlimited Streaming service and Hulu Plus service on the \$7.99/month plans. New, existing and past Netflix subscribers are eligible for the Netflix offer. Credit card is required to redeem the Hulu Plus offer and is open only to new subscribers.
