

Shure SM58 Wired Microphone

The Shure SM58 vocal microphone is designed to be used for professional vocals during live performances, sound reinforcements, and studio recordings. Its tailored vocal response for sound is a world standard for singing or speech. A highly effective, built-in spherical filter minimizes wind and breathing noise. An unidirectional pickup pattern isolates the main sound source while canceling unwanted background noise.

Product Weight: 1.1 lbs

Dimensions: 10.3 x 4.9 x 3.3 inches

Product Highlights

- Ideal for Vocal use
- Uniform cardioid pick-up pattern for maximum gain before feedback
- Tailored frequency response that controls proximity effect
- Minimizes transmission of mechanical noise and vibration
