AND MORE

What sets your company apart from the others in your space?

Total Rental Solutions provides nationwide and worldwide service to their clients taking the stress and guess work of sourcing a trustworthy partner for AV needs. Many companies in the industry solely offer local or regional assistance; however, we can work with our clients on a project that runs virtually anywhere in the world. For over 15 years, we have been collaborating with clients to help them grow and develop meetings and events, into extremely successful productions and annual must-attend industry meetings.

What is your style of business, meaning what makes a customer a good fit for you?

Total Rental Solutions works with customers of all Industries, shapes, sizes, with all types of needs. The common thread with our customers around the world is the need for innovative, resourceful and professional technologies for meetings, special events, and corporate settings. TRS works with Corporate Clients, Meeting Planners, and Trade Show Clients, Pharmaceutical Clients, etc. Ranging between small 20 person companies all the way up to top 50 companies in the world.

Describe how you are able to expedite orders while maintaining budget?

TRS knows the best way to obtain a realistic budget without sacrificing service. Total Rental Solutions typically can service technology and office equipment rental needs in most major

cities with same day service. Our extensive network of warehouses and employees allows us to offer top of the line equipment rentals across the US and around the world, all while keeping the clients budget on track.

How do you describe your pricing in your competitive space?

TRS focuses on what the client truly needs in terms of technology for their meetings and events. We carefully determine the true equipment needs based on each and every event held. This allows us to customize the order and pricing to fit the client's budget and specifications, instead of offering pre-set packages that may contain more equipment (and cost) than the client truly requires.

How have you brought new ideas to market?

Total Rental Solutions participations in industry functions, allowing us to learn about new and upcoming technologies. This allows us to offer new solutions to age-old issues for our clients and their events. A few of the new devices we have are Virtual presenters along with Transparent Display cases and charging stations.
